er places where they live. The result was that shortly after 7 o'clock last evening an excited crowd of men gathered about the resorts in Smoky Row. The crowd grew in size rapidly. Nearly every colored man had in his hand a club or stick. The police department received word of the assembling of the crowd, and officers were sent to Smoky Row to investigate. But the crowd must have received word, for there was scattering and men went in various directions in squads of from six to eight. They quickly left Kansas avenue and went north. On every side street from Second to Twelfth streets there were gangs of colored men lying in wait in dark corners.

This was the condition of affairs in Topeka last evening when darkness came. Volunteer soldiers were allowed to go up town last evening, as usual. The rule was to allow five or six from each company, if they desire. Accordingly, there were many soldiers up town. As they started for the camp they were huddled on side streets by the squads of colored men who were in waiting, beaten, and in many cases allowed to escape after severe bruising and mutilation.

At Second and Kansas avenue, John Prather, Harry Bonzo and Tom McFarland were returning to camp for the night. They are members of the Osage City company. It was about 9:30 o'clock. When they reached the corner they were stopped by a crowd of colored men. One of them asked: "Are you volunteers?" The men replied that they were, whereupon the gang pounced upon them and began beating. Bonzo was struck on the head with the head of a club and made unconscious. The other two soldiers were severely bruised. When Bonzo fell, the highwaymen fled east on Second street. Bonzo was taken up town and into Waggoner's drug store, where a physician was called. His wound was notified of this attack, and officers were sent in search of the gang. But the men had hidden and could not be found.

About 10:30 o'clock, Hoppie and Ralph Stocks, members of the Garden City company, were attacked by a gang at the corner of Topeka avenue and Eleventh.

Police Sergeant Hoppie was knocked down by a blow on the head, delivered with a club in the hands of one of the colored men, and kicked in the abdomen. Stocks was knocked down, but regained his footing quickly and made a move as if to draw a revolver from his pocket, and the colored men fled. The two soldiers were taken to the city hospital, where Stocks was injured to his abdomen. He was finally taken to Waggoner's drug store, where he was in attendance. It was found that his injury was most serious. It is probable that the kicking he received has caused a serious rupture.

By this time there were a large crowd of people near the corner of Eleventh and Kansas avenue. Colored men came in from the side streets in small squads and collected near the transfer station. Soldiers who were down town alone also collected their numbers and there was much excitement.

Police Sergeant Tim Donovan and officers were on duty to prevent any serious trouble. Word was telephoned to Camp Leedy, and a detachment of the Kansas City, Kan., company, to go to the city and escort home all unprotected soldiers and the wounded. The detachment, provided with their muskets and bayonets and several rounds of ammunition. They made a hurried march to the city and arrived at 11 o'clock. It seemed as if there would be an outbreak, and that the small police force would not be able to cope with the angry mob. The soldiers who were down town were unarmed, one of the regulations being that they shall not carry arms when off duty. The detachment among the colored troops that a company had been sent downtown to capture all the colored people there. A few minutes later a colored man could be seen on the streets. The company of soldiers marched down Kansas avenue and picked up stray soldiers along the line. In all about 35 who had been given permission to come downtown were taken in charge and escorted to Camp Leedy by a detachment of the Kansas City, Kan., company. The other soldiers, who had been injured were able to walk with the aid of crutches. When they passed Eleventh street several colored men attacked them, throwing stones and swearing to kill them. The soldiers ran and escaped. They went to the camp and reported the matter.

Detective Capron, who did much to prevent a serious outbreak at Eleventh and Kansas avenue while they were waiting the arrival of the armed company from Camp Leedy, said today: "It is a bad mixup there last night. You see there was a big gang of colored toughs got together and decided to beat every soldier who could find his way to the city. Up at Eleventh and Kansas avenue there was a crowd of colored fellows and a crowd of soldiers. Nearly every negro club and a colored man's knife were terrible time keeping them apart. If they had ever gotten together there would have been trouble. The colored fellows who were doing the assaulting last night were Smoky Row toughs and Redmondville toughs. I know them all. They are vicious, and the wonder is that they were kept from doing more harm."

The sheriff and chief of police should be prepared and see that there is no further disturbances of the peace by either party. Gen. McCrum can preserve order by keeping his men in camp at night.

In regard to the trouble Governor Leedy said today: "If the soldiers have been in the wrong, I feel that they should be punished. If they were in the right, they should be generally, as it is charged, and the guilty parties could be apprehended. I am in favor of their being discharged. I don't propose to tolerate any such conduct, and the trouble of yesterday will be investigated."

And at Once Has a Conference With the President.

WHY HE CUT THE CABLE.

Spanish Officials Would Not Allow Dewey to Use It.

Hong Kong, May 9.—It is said that the Spanish ships at Manila did not get under steam until after the alarm was given. It is said also that the Spanish commander informed the governor general that it was advisable to surrender in the interests of humanity, as it was impossible to resist successfully, but that he and his men were willing enough to fight and die. Even when the Spanish flagship was shot halfway across the water, the commander, though wounded, refused to leave the bridge until the ship was burning and sinking. Her stern was shattered by a cannon shell and her steam pipe burst.

After the fight was over, Commodore Dewey sent an ultimatum to the city battery, ordering it to cease firing or he would bombard.

The Petrel chased a gunboat up the river Pasis, and the Spanish captain came in a boat to negotiate conditions of surrender.

The American captain replied: "Unconditional surrender or fight." To this the Spanish answered: "We are willing to fight. Please allow us to send for ammunition, because our store is exhausted."

On a proposal to the existing authorities to continue temporarily under the American flag, pending the termination of the Spanish blockade, the decision and kept writing to Madrid. The Americans requested the privilege of using the wire, and when this was refused, they cut the cable.

The Esmeralda from Hong Kong arrived right in the middle of the battle. During the adjournment for breakfast, an American cruiser was detached to meet her, as it was believed she might be a Spaniard. When it was found that the new arrival was a British vessel, she was warned to keep away. The Esmeralda, therefore, moved up the bay ten or fifteen miles.

There are still two or three Spanish ships in the Philippines, but no resistance from them is probable. One recently captured an American bark.

BURGLAR TRAPPED.

Asa Bright is Captured by Judge Horton's Hostler After an Exciting Chase.

Asa Bright, a negro with a court record, was captured at 11 o'clock today after an exciting chase. He had just burglarized the hostler's room in the barn of George M. Noble at 915 Harrison street and stolen a gold watch and a small sum of money belonging to William Peterson, Mr. Noble's hostler.

The chase was spirited and started at the west side of the state house grounds, continued through the grounds and terminated in the alley back of Edward's lumber yard. There were no police around and Bright was escorted to the police station by a mixed crowd of street toughs and two colored men who assisted in the capture.

PEACEFUL BLOCKADE.

It is Starving the Cuban Army Which Has Not Yet Been Supplied.

New York, May 9.—The Evening Post's Key West correspondent says: An artist who has just arrived from Gomez camp says that there are 18,000 Cubans in the neighborhood of Sancti Spiritus, but they are short of arms and ammunition. They also have difficulty in obtaining sufficient food but are full of enthusiasm and desire to co-operate with our army.

The condition of the reconcentrados is described as pitiable in the extreme.

JULY WHEAT \$1.22.

Chicago, May 9.—Wheat today on the board of trade touched \$1.22 a bushel for July, the active option, and closed 1/2¢ higher at \$1.22 1/2. The estimated receipts of July wheat, was apparently the sole cause of the excitement.

Will Fortify St. Johns and House a Large Number of Imperial Troops.

St. Johns, N. F., May 9.—Owing to the serious international complications growing out of war between the United States and Spain, the British government is arranging to fortify St. Johns. The British war office has ordered the governor, Sir Herbert Murray, as to the condition of the forts and barracks belonging to the imperial government, which was given into the custody of the colonial authorities, when the troops were withdrawn from here in 1870. Sir Herbert Murray and the colonial ministry are consulting with a view of housing imperial troops, the first contingent of which is likely to arrive from Halifax this week.

"The millions of Germans in America would not entertain a friendly feeling in this country toward their new home."

The Tagblatt says that in diplomatic quarters the conviction is growing that President McKinley, before determining on war, was assured of the benevolent neutrality of England.

O. U. W. lodge will march in such order that the word "D-e-w-e-y" will be spelled by the line of march.

TODAY'S MARKET REPORT.

Furnished by the Associated Press to the State Journal.

Chicago, May 9.—WHEAT—Wheat today opened 3/8¢ above Saturday's close. Trading was amidst the wildest excitement. Liverpool market appeared to have gone completely beyond control and sent options quotations 7/8¢ above Saturday. The July option there showed a gain of 1/2¢ per bushel. With such a state of affairs in the English market, traders here were unphased and only those fortunate enough to be possessed of some long wheat ventured into the market. July opened at \$1.09 1/4, closed at \$1.09 1/2, with \$1.09 1/4 on Saturday. The second quotation was \$1.11 and by jumps of a whole cent July touched \$1.12 two minutes after start. July was stopped for a moment by realizing, it rebounded to \$1.13, then started afresh, touching \$1.16 at a second attempt. There the market fluctuated violently, selling off to \$1.14, then rising again and again to \$1.15. May opened 6/16¢ higher at \$1.09 1/4, closed at \$1.09 1/2. Statistics were forgotten in the excitement. The wheat market was a scene of confusion. Estimated receipts of July wheat, which America furnished 2,500,000 bushels, against 3,000,000 last year. Minneapolis and Duluth got 453 cars, compared with 312 last year. The Liverpool market at 2:45 p. m. showed a continuance of excitement, with advance of 1/2¢ to \$1.15.
